SUBJECT: COMPILATION OF REFERENCES FOR DETAILED
ANALYSIS OF REMEDIAL TECHNOLOGIES (DART)
REPORT - NEW BEDFORD HARBOR

John Re, EPA's legal counsel, will be in Portland on Friday, May 6, 1988, to review all referenced documents of the DART report. To prepare for this review, it will be necessary for each contributing author to compile all references. Mary Jane Wellington will be the contact person in the Baxter Building; contributing authors located in Baxter should coordinate documents with Mary Jane. All Harbor Plaza authors should submit their documents to Debbie.

Mary Jane and Debbie will arrange for conference rooms in Baxter and Harbor Plaza so that John Re can review documents in both buildings. Upon review completion, your reference documents will be returned to you.

Please have all documents to Mary Jane and Debbie no later than Wednesday, May 4. The charge number for this effort is 4959-60. Should you have any questions, please contact Debbie or me.
